The **Royal Philharmonic Orchestra** (RPO) is one of the UK's favourite orchestras. In normal times, you can find the musicians playing a sold-out show at the Royal Albert Hall, recording blockbuster film soundtracks, hopping on a plane for a quick concert abroad, and working in a range of community settings from schools to hospitals and anywhere in between. We love coming to Hull and you can normally find us working in schools with our partners at Hull Music Service, with students from all disciplines at the University of Hull, or with stroke survivors as part of our **STROKESTRA®** musical rehabilitation programme in partnership with Hull & East Riding Stroke Services.

## Tim Steiner *Presenter*

Tim Steiner is a composer and presenter whose work takes him around the globe where he collaborates with local communities developing performances. His many concerts have included directing a 100-piece rock band in Portugal, an orphanage brass band in Azerbaijan, a 400-piece orchestra in Brazil and 5,000 young people in Birmingham. He is delighted to be back in Hull, where he works regularly with the RPO **STROKESTRA®** programme.

## Benjamin Pope *Conductor*

Benjamin Pope has conducted orchestras and choirs all over the world, and also works with lots of international ballet companies (as a conductor, not a dancer – his children would find that too embarrassing). As well as conducting, he also introduces concerts. As a composer and arranger, he has written for a lot of TV and film productions and commercials, as well as for the concert hall and theatre, and has played piano/keyboards and sung on many of them. He's also a season ticket holder at Arsenal, but is still managing to smile!

## Des Oliver *Composer Spotlight*

Des Oliver is a composer, author and documentary filmmaker. He has written music for orchestras, chamber groups and choirs, as well as operas and theatre music. Most recently, he composed a song for the Pegasus Opera Company's community choir to celebrate Windrush Day, as well as a song for The Bach Choir, which is to be included on their next album released later this year. He enjoys playing chess, watching sci-fi movies and cooking VERY spicy foods – he once ate the third hottest chilli in the world! Find out more about Des and his journey to becoming a composer [here](#).
